

**Addendum
City of Edgerton
Request for Bids
Janitorial Services**

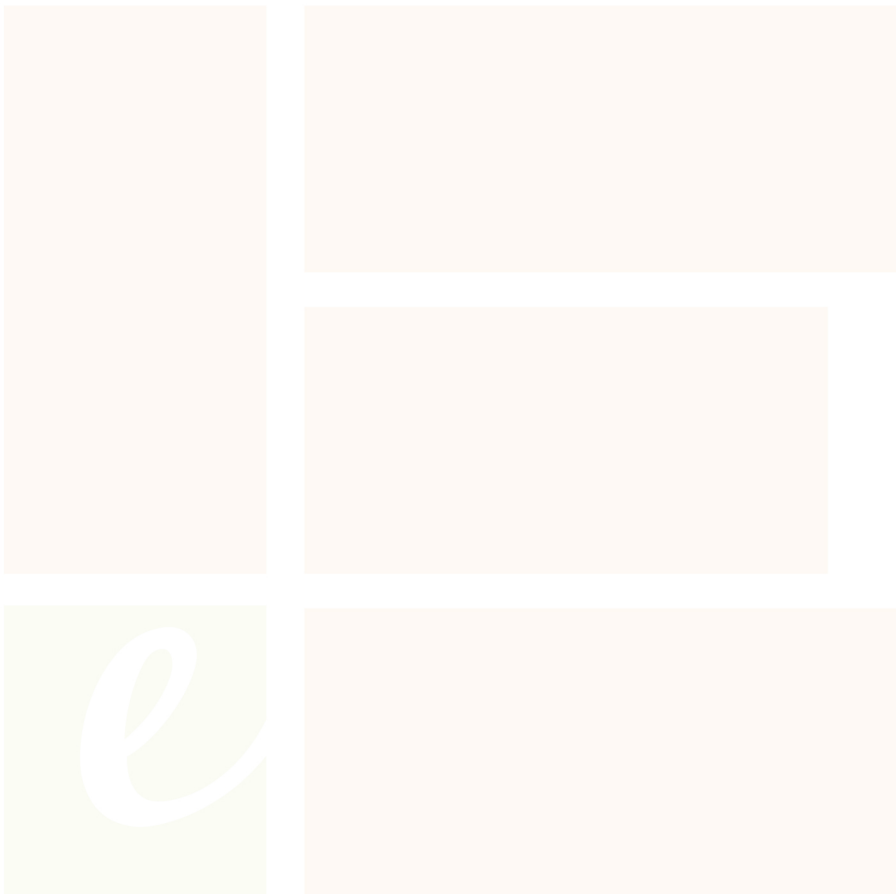

**Questions and Response
February 7, 2022**

- Will there be a walkthrough of the buildings or could you provide the square footage for the areas to be cleaned including a breakdown of carpet vs. hard floor?

With the recent spike in COVID-19, we cannot offer building tours right now. However, we have compiled square footage and pictures of the facilities to be cleaned. See pages 2 through 6 of this Addendum.

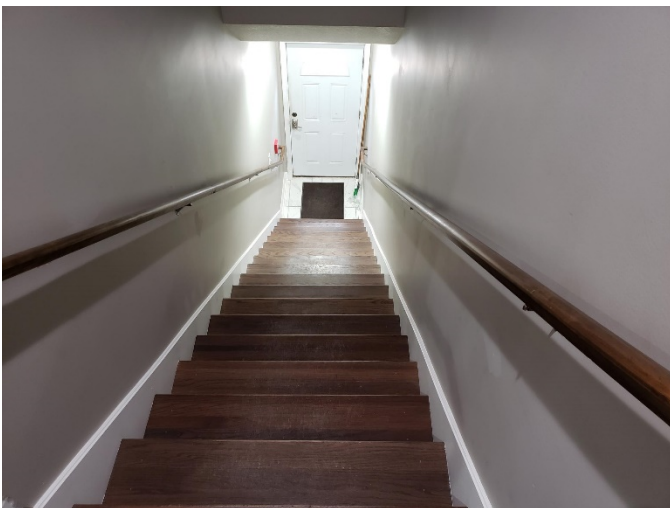

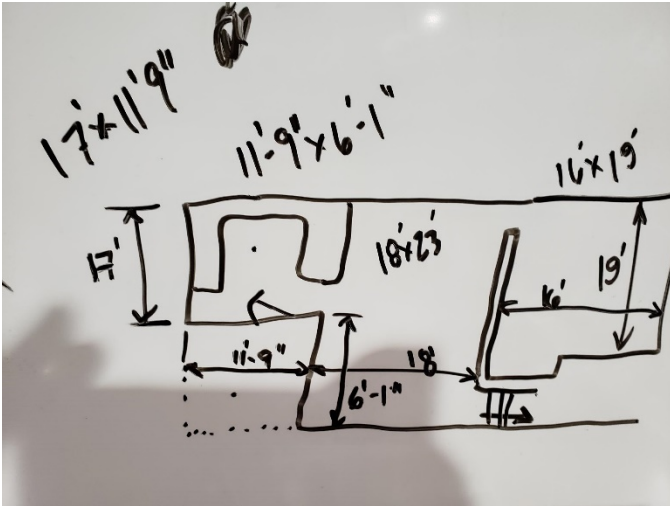

- This bid request mentions the responsibility for carpet cleaning. How often would this need to be done, and is there a carpet extractor on site?

The carpeted areas would need to be cleaned on an as needed basis with a minimum of at least one time per year. We do not have a carpet extractor.
